Taloun 26

Dune Façade

Some homes simply provide space. The Taloun 26 shapes the way you live within it.

The Taloun 26 has been shaped around the moments that matter most—bringing family together with beautifully connected spaces while offering quiet places to retreat, recharge and make your own.

Bathed in natural light, the home's expansive living, dining and designer kitchen form its welcoming heart, where everyday routines unfold with ease and celebrations effortlessly spill outdoors through wide glass stacker doors.

Every space feels open, inviting and intuitively connected, creating a home that is as calming as it is practical. A dedicated home office, separate activity room plus a second leisure room and multiple living zones provide the flexibility for work, play and everything in between, while four generous bedrooms—including a secluded master sanctuary—offer comfort and privacy for every member of the family.

Refined architectural details, generous storage, and a carefully considered floor plan combine to create a home that feels effortless to live in today and beautifully enduring for years to come.
